For the attention of J.E. Schardt Esq.  
Assistant General Counsel

Dear Jim,

European Patent Application No. 92 302 592.8  
Your Ref: PM 1442 - Our File: 33330

Further to my letter of 21st July 1992, I enclose a copy of the search report on this application together with copies of the three cited documents.

The first two citations are in category Y, particularly relevant to the claims against which they are cited when combined. The first citation is cited in the application itself. The third citation is cited as technological background only. I have not, at this stage, studied these documents myself, but will be happy to do so if you wish.

Should you wish, for any reason, to amend the claims of this application, such amended claims are unlikely now to be published at first publication, but may still be considered at examination, and could conveniently be submitted when the examination fee is paid. We will inform you of the date by which this fee must be paid in due course.

Yours sincerely,

N. Marlow
